

Disabled Rights Action Committee

Utah Case Management Agency

NEW CHOICES WAIVER PROGRAM

The Disabled Rights Action Committee is a Case Management Services Provider for the New Choices Waiver (NCW) program sponsored by the Utah Department of Health. This program is designed to (1) help eligible persons move out of nursing facility settings and reestablish themselves in a community-based setting, and (2) help eligible assisted living residents remain in their community.

Our case managers help NCW participants transition into community-based care and ensure that they are able to receive the supportive services they need to live safely in a non-institutional setting. Our case managers assist our clients in determining the service options best suited to meet their needs.

SERVICES AVAILABLE THROUGH THE NEW CHOICES WAIVER PROGRAM:

- Adult Day Care

WHY CHOOSE US?

We are a non-profit organization run by people with disabilities, for people with disabilities.

As a case management agency, we are a small organization and we provide our clients with a personal touch. We know how important it is for folks to be able to choose where they want to live, and we are often willing to work with individuals that other agencies have rejected. We genuinely care about our clients and their families.

We have more than two decades of experience.

We have been in business since 1993 and we have over two decades of experience in coordinating community services and negotiating with state agencies. All of our case managers carry active social work licenses.

We fight to provide our clients with the best services available.

As a case management provider, we fight for our clients and make sure that they receive the services they need to thrive. We help our clients live as independently as possible while also ensuring that they live in a safe, clean, and supportive environment.
